ALMOST A CATASTROPHE FROM PULPIT TO PRISON.

PASSENGERS HAVE A NARROW ESCAPE.
A Chicago Street-Car Goes Into the River and Gives Its Passengers a Terrible Fright—The Bridge Was Open and the Car Went Over the Falls.

A Chicago street-car which left the North Side terminals of the line at midnight went into the river at the Clark street bridge early this morning carrying the horses with it. The car was filled with passengers, but almost miraculously they managed to escape, the last passenger jumping from the rear platform as the vehicle tottered and fell with a tremendous splash into the dark waters.

The car, which had been started to allow the passage of the bridge, was on the north side of the bridge, and the driver, who was on the front seat, saw the danger and tried to stop the car. The car, however, was too far gone and it went over the edge of the viaduct and fell into the river. The driver, who was on the front seat, saw the danger and tried to stop the car. The car, however, was too far gone and it went over the edge of the viaduct and fell into the river.

As the car fell into the river, the passengers were thrown about in all directions. Some were thrown out of the car and some were thrown into the water. The car, however, was not completely destroyed. It was found floating in the river, and the passengers were rescued. The car, however, was not completely destroyed. A METHODIST MINISTER COMES TO GRIEF.

Rev. A. M. De Ford, of Hortonville, Wis., Charged with Raising the Face of a Woman to Jail in Default of Bail—His Novel Revolt.

Transforming \$2 bills into "ions" and "twenties" and attempting to pass them as such is the charge against the Rev. A. M. De Ford, a minister from Hortonville, Wis., who occupies a cell at the county jail tonight in default of \$3,000 bail.

The reverend gentleman was on his way to Whitewater to-day to attend the Methodist conference when arrested here. For five years he has been connected with the Hortonville Church in Wisconsin, the last year in the Hortonville circuit, and so enjoyed the confidence of the people that they had unanimously signed a call asking the Whitewater Conference to return him to them. That their confidence in him was misplaced is quite evident from the testimony produced at his preliminary examination this afternoon.

Mutilated bills of various denominations found on his person were offered in evidence. There were good bills of \$10 and \$20 denominations, in which the corners had been cut to be pasted on bills of smaller denomination. \$2 bills this raised to \$10 and \$20 having also been found with him. On his person, too, were found a pair of scissors, two sharp knives and a bottle of mud.

The first witness at the preliminary examination was a saloon-keeper named Sullivan, whose place is opposite the Union Depot. Sullivan said the minister came into the saloon that morning and asked to have a \$10 bill changed. The witness identified a bill handed to him by the minister. The minister, however, was not satisfied with the change and he asked for a \$10 bill. The witness, however, was not satisfied with the change and he asked for a \$10 bill.

INCIDENTS THAT HAVE LATELY OCCURRED.

An Interesting Summary of the More Important Events of Our Neighboring—Deaths and Deaths—Crimes, Casualties, and General News Notes.

GEORGE MONROE, a young lumberman, committed suicide by shooting himself in the head near Cadillac. The father of the young man was killed at Lusk a little over a year ago by falling upon a circular saw, the son being a witness to the fearful accident. Since that time the latter has appeared to be melancholy at times, and recently he visited the mill where the accident occurred and became so overcome with excitement as to appear out of his head. He left the mill on a dead run.

THE REV. CHARLES O'REILLY, pastor of St. Patrick's Church, Detroit, has resigned his charge and will spend two or three years in Europe. Charles O'Reilly is a native of Michigan. He was born something over 40 years ago, not two hours ride from Detroit; raised on a Washtenaw County farm, educated at the State University, and became successively a law student with Judge Chipman, a editor of the Lakes Commercial Tribune, and a member of the Michigan bar. He was a member of the Michigan bar.

THE REPORT of the Treasurer of the Soldiers' Home at Lansing shows that for the year ending June 30, 1889, \$34,273.68 was paid to the home by the General Government under acts of Congress providing aid to State and Territorial homes. The payments were made quarterly at the rate of \$100 per month, on the number of members in the home during each quarter. Of the amount due for quarter ending June 30, 1889, \$4,050.08 was not paid until April 10, 1890, when the deficiency in appropriation was made good by act of Congress. For the year ending June 30, 1889, the home received \$34,273.68, of which \$34,273.68 has been paid, leaving \$9,007.77 still due. The first quarter is the only one which has been settled for in full.

Gov. Litch has pardoned William Murray, colored, who was convicted of murder at Saginaw in 1887 and served four years in the State Prison. Murray was traveling with a circus company, and at Chesaning a fight arose between citizens and some of the circus attendants, in which the village Marshal was killed. Parties from the south part of the county say that Watts S. Humphrey is going to get the biggest vote in that end of the county ever given a candidate.—Cheboygan Tribune.

The only issues raised during the campaign in Reed's district were national ones. This is a hint Republicans everywhere will do well to profit by.

The fact that every foreign country having business relations with the United States is lamenting its prospective loss under our tariff revision is pretty conclusive evidence that all of them have been looking to this country for their profits.

The size of the Democratic majority in Arkansas will not be known until the Democratic election officers get orders from headquarters to stop counting votes that were not cast.—St. Louis Globe-Democrat.

Speaking of the recent election, the Arkansas State Register says: "Decent Democrats are becoming disgusted with their damnable proceedings. The revolution has set in. It is only a question of time till fraud and crime will be rebuked."

Representative Moore has introduced a resolution in the house providing for the adoption of a rule to punish the deliberate contempt of that body of which the democratic members are guilty day after day. We believe that the country will sustain a rule of that kind. The obstruction of the public business by a malignant partisan minority must be stopped.—Troy City Tribune.

The Arkansas Bourbons are still at work falsifying the returns of the recent state elections. The (Republican and Union Labor) candidates received 1,597 majority in Crittenden county, but after holding back the returns for ten days, the Democratic canvassers have thrown out enough votes to give the offices to the Democrats.—Wicks.

It is creditable to the Republican members of congress from Michigan that not one of them was among the absentees last week when the Democrats as a part of their obstructive tactics were "sneaking" to break a quorum.—Detroit Tribune.

One-third of the fools of this country think they can beat the lawyer in expounding law, one-half think they can beat the doctor healing the sick, two-thirds of them think they can beat the minister preaching the Gospel, and all of them know they can beat the editor in running a newspaper.—Poughkeepsie News Press.

Republicans put your personal grievances in your deepest inside pocket until after the election, and go to work with a will to do your part in sustaining the party. No party can win which indulges in personal wrangling in the face of the enemy.

The tenth district prohibits actually think of nominating a candidate for congress, and will be greatly gratified should he poll 1,200 votes. Wm. A. Heartt, of Caro, will get what honor there may be in being on the minority side.—Detroit News.

What the Republican party objects to for one thing is the fact that 122,888 votes in the 19 congressional districts of Georgia have the same voting strength in congress that 435,633 votes have in 10 congressional districts of Michigan. This is the way one Southerner whips three Yankees to be exact, it is the way three Southerners whip 10 Yankees.—Detroit Tribune.

The different effects of Democratic rule and intelligent Republican government are illustrated in the increase of population in Maryland and Pennsylvania, two adjoining states. In the former the increase was less than 15 per cent during the last decade, while Pennsylvania added 25 per cent to its population.—Blade.

It worries the Democratic organs of this city to be confronted with the cold facts that the Republican state convention unanimously and emphatically urged the speedy enactment of a federal election law. It worries them still more to know that the Republicans have put up a state ticket that cannot be beaten by all the forces of Democracy and its side-show conventions combined. It is in vain that they seek to hide their fears and disappointment under the cover of false pretense and false representation.—Det. Tribune.

The Lansing Journal leads the fairness of the Mississippi democrats to the skies, because the 200 and odd little Democrats in its no institutional convention hadn't nerve enough to shut out two Republicans, one of whom was a negro and an ex-slave of Jeff. Davis. Well, now, that was liberal. That one lone lorn "nigger" represents 300,000 of his race in Mississippi, while it takes several hundred delegates to represent 500,000 whites. We don't see how they came to expose themselves to the risk of "nigger supremacy" so recklessly. It was a marvel of fairness. It ought to be embalmed for preservation.—State Republican.

The action of the republicans of the House in passing every measure asked for by organized Labor is in striking contrast with what the democrats did while they had a majority in that body. The facts in this case furnish an instructive illustrated object lesson of the methods and objects of the two parties. The democrats patted the laborer on the back and talked for hours and hours about what he ought to have, but they gave him nothing. The republicans did less talking, but they gave the laborer all the legislation he asked for. The republicans of the House desire no special thanks for their action; they but performed their duty, a duty taught by the traditions of the republican party, which has always been the party of liberty, humanity and progress.

Democratic County Convention.

The Convention, last Tuesday, was called to order by J. Patterson, and A. E. Newman elected chairman and Martin Nelson Secretary. The usual committees were appointed. The township of Grove was not represented. The temporary organization was made permanent and the following ticket placed in nomination:

For Sheriff, Wright Havens; Clerk, Geo. B. Sanderson; Treasurer, Chas. Jackson; Register, John Leese; Pros. Atty., Joseph Patterson; Circuit Court Commissioner, L. T. Wright; Coroners, Harris Thatcher and P. P. Richardson. Charles McCullough developed a strong following for the position of sheriff, and John Neiderer had a neck and neck race for the position of clerk. James K. Wright was prominently mentioned for prosecuting attorney, and some claim that he would have received the nomination had it not been that Mr. Purchase was distributing tickets for him, and he being a republican, the party naturally thought there was some scheme behind his work. A motion was introduced to put him out, but he was undoubtedly honest in his work, and thought he would help save the county.

The British manufacturers are rushing all the linen they can manufacture across the sea, so as to get it into the United States before the new tariff goes into effect. And the money that is going abroad to pay for it is causing stringency in the market here at home.—Blade.

Representative Convention.

The republican representative convention at Rosecommon last Tuesday was enthusiastic and harmonious.

Hon. D. P. Markey was elected chairman and W. E. Sly, secretary. Every county was fully represented. The name of Mr. Gordon, of Osceola county, was presented by Mr. J. Wood, and Chas. Blanchard, of Rosecommon, by H. H. Woodruff. The Crawford delegation were in favor of Devere Hall, of Ogemaw, who was supported by his own delegation, and after two informal ballots his nomination was made unanimous by acclamation.

D. P. Markey, of Ogemaw; C. W. Harder, of Crawford; M. J. Wood, of Osceola and Chas. Blanchard, of Rosecommon, were elected as Legislative Committee for the ensuing two years.

Hon. Watts S. Humphrey will address the citizens of Grayling at the Opera House, Saturday evening, Oct. 4th, on the political issues of the day.

Mr. Humphrey needs no introduction to our people, and he will be welcomed as he deserves.

Everybody is invited to come and hear a candid, fair and eloquent statement of the situation.

Tuesday evening, as previously announced, T. A. E. Wendock, of Bay City, democratic nominee for Congress from this district, delivered an address at the Opera House. There was a fair attendance, though but little enthusiasm. Mr. Wendock is a fluent and forcible speaker, and considering that his argument had to be made from the wrong side of the fence did fairly well. Had his coming been more fully advertised there would have been a much larger crowd.
